In accordance with this authority, the Secretary of the Army delegates authorities as set forth in this policy to Commanders of the Army Commands (ACOMs), the Commanders of the Army Service Component Commands (ASCCs), the Commander/Superintendent of the Direct Reporting Units (DRUs) and the Administrative Assistant to the Secretary of the Army (AASA). For purposes of this delegation, the Principal Officials of the Headquarters, Department of Army (HQDA), their staffs and other elements, including Field Operating Agencies (FOAs), Staff Support Agencies (SSAs), and those DRUs not covered above fall under the purview of the AASA.

See Enclosure 1.

3. Applicability

This policy applies to Army civilian positions, employees or organizations engaged in or in support of an intelligence or intelligence-related mission as described by one of the following methods:

a. Organizational. All positions within commands and activities that have a primary intelligence mission regardless of the occupational series.

b. Occupational. Positions engaged in intelligence and related work (requiring a significant degree of specialized intelligence knowledge, skills, and abilities) in non-intelligence commands and activities.

(1) All positions in pay plan and occupational series GG-0132 or GG-0134.

(2) All positions in pay plan and occupational series GG-0080 or GG-0086, the duties of which are predominantly (at least 51 percent) intelligence-related. Intelligence-related ~~I~~AGG-0080 positions involve the direction, planning, development, implementation, coordination, control, inspection, or conduct of specific programs. These programs are designed primarily to protect information, material, operations, and/or facilities from such national security threats as compromise, unauthorized disclosure, or espionage.

(3) All positions in pay plan and occupational series GG-1710, GG-1712 or GG-1702, which are located in an organization performing an intelligence mission and which require intelligence-related knowledge, skills, and abilities (KSAs).

(4) All scientific and technical positions engaged in targeting and/or the engineering, physical, or technical sciences in an intelligence function, which are assigned to an organizational component performing an intelligence mission. These positions are in the professional work category in the GG-0400, GG-0800, GG-1300, or GG-1500 pay plans and occupational groups.

c. Selected Position. Position(s) in direct support of intelligence functions located within non-intelligence commands and activities may be covered by DCIPS.

d. Requests for Coverage. Functional management officials, in conjunction with the servicing Civilian Personnel Advisory Center (CPAC) advisor, will determine coverage of positions in accordance with the applicability methods outlined in this policy. Decisions on coverage will not be influenced by the desires of the incumbent. Requests for additional occupational series or selected position coverage determinations shall be reviewed by the servicing CPAC advisor through the chain of command and submitted by the Commanders of the ACOMs, ASCCs, the Commander/Superintendent of the DRUs and the AASA to the Headquarters Department of Army Office of the Deputy Chief of Staff G-2, Intelligence Personnel Management Office (HQDA ODCS, G-2, IPMO), (DAMI-CP), WASH DC 20310-1000 for approval upon concurrence from the Under Secretary of Defense for Intelligence (USD(I)). For purposes of this delegation, the Principal Officials of the Headquarters, Department of Army (HQDA), their staffs and other elements, including FOAs, SSAs, and those DRUs not covered above (to include the U.S. Army Acquisition Support Center) fall under the purview of AASA.

(1) Requests for coverage of additional series shall address the following factors:

(a) Position requirements for the inclusion of intelligence-related KSAs.

(b) Historical role and relationship of the occupational series to DoD and/or Army's intelligence mission or organizations, if applicable.

(c) Command requirements.

(d) Career development patterns.

(e) Impact on the overall Army civilian personnel management program or on other existing career programs.

(f) Impact on local personnel administration (e.g. classification, recruitment, security requirements).

(g) General employee equity.

(2) Commanders and subordinate commanders can seek approval (through their chain of command) for selected position coverage. Requests for selected position coverage should include the following:

(a) List of the position(s) to be covered (pay plan, title, occupational series, band, grade, Unit Identification Code (UIC), UIC-organization, Table of Distribution and Allowances (TDA) paragraph and line number).

(b) Organizational chart showing how the position(s) relates to other positions within the organization.

(c) Specify that these positions are either engaged in intelligence functions or provide direct support to intelligence functions for the majority of the time (i.e., require intelligence or intelligence related KSAs).

(d) Copy of proposed or aligned (classified) DCIPS position description(s).

(e) Positions must be excluded from coverage in the Federal Government Labor Relations program. This status must be addressed in the written request. Bargaining Unit coverage is not allowed, therefore the exclusion issue has to be resolved prior to submitting a request for selected position coverage.

Note: If selected position coverage is requested and approved for whole units (e.g., all positions assigned to the G-2, regardless of pay plan and occupational series), all future positions will also be included for coverage under DCIPS. If request is limited to select positions in a unit, requests for any future positions will be approved on a case-by-case basis.

e. The HQDA ODCS, G-2 IPMO may conduct studies to identify additional series that meet the Army and DoD criteria for coverage.

f. Exclusions.

(1) Employees specifically excluded by statute are not covered by DCIPS (Reference (a)). The Secretary of the Army may further exclude employees who are not covered under Reference (a).

(2) Exclusion based on the Federal Labor-Management Relations Program.
